

November 2025

**Expertise France, the French agency for international technical expertise, participates in France's cooperation policy, development aid and economic influence, by responding to the growing demand for expertise from countries to build public policies that respond to their institutional, economic, demographic, social and environmental challenges.**

Expertise France supports its partners in the implementation of public policies in the fields of sustainable development, economic development, public finance, governance and human rights, social protection and employment, health, and issues relating to stability, safety and security.

Within the Operations Directorate – Governance Department – Public Transparency, Management and Accountability (TGR) Division.

**Expertise France** is looking for:

#### **A Vietnamese Environmental Tax Expert**

**Type of contract:** Service Provision Contract (independent/ individual expert)  
**Type of expertise:** Short term  
**Duration:** 20 days

#### **Description of the mission**

The expert's main task will be to support the implementation of activities related to the "development of environmental taxation policies" component, in collaboration with the project team.

His/her responsibilities will be as follows:

- Support the Ministry of Finance (Department of Fiscal Policy) in drafting amendments to the Environmental Protection Law, in coordination with the international expert;
- Support the Ministry of Finance (Department of Fiscal Policy) in drafting reports supporting amendments to the Environmental Protection Law, in coordination with the international expert;
- Support the international expert in understanding the legislative and tax regulatory framework;
- Ensure coordination on the subject of environmental taxation between the Vietnamese Ministry of Finance and the project team.

#### ***Expected deliverables:***

Report compiling draft texts supporting amendments to the Environmental Protection Law.

#### **Description of the context and project**

The project – Greening of Budgetary and Fiscal Policies in Vietnam Phase 2 – is a capacity-building project in support of the Vietnamese Ministry of Finance aimed at operationalizing the integration of environmental and climate considerations into public budgetary and fiscal policies.

The project is structured into **4 components**:

1. Capacity building for the Vietnamese Ministry of Finance to consolidate the management framework related to **sovereign green bonds** and raise awareness among market participants about green bonds
2. Support for the implementation of Vietnam's Emissions Trading System (ETS)
3. Development of **environmental taxation policies** for environmental protection
4. Support for integrating the results of green finance and carbon pricing into **the long-term path towards carbon neutrality**

The project implementation period is 18 months, until May 2027, and is funded by the French Development Agency.

The project team is composed of:

- 1 project coordinator, based in Paris at the headquarters of Expertise France, supported by the Expertise France office in Hanoi
- 5 international experts
- 1 local coordinator
- local experts

### **Desired profile**

#### ***Qualifications and skills:***

- Knowledge of the legislative and regulatory framework of Vietnamese public finance in tax matters.
- Knowledge of environmental taxation issues
- Knowledge of the economic and political context of Vietnam
- Excellent writing skills.
- Ability to work in an intercultural environment
- Diplomacy, communication skills, active listening, and rigor

#### ***General and specific professional experience:***

- Training in tax or environmental law, or significant experience in the field
- Experience in developing or supporting the development of legislative or regulatory texts
- Knowledge of Vietnamese public administration and services will be an asset.
- Fluency in written and spoken French or English.

**Working languages:** French/ English

### **Additional information**

Interested candidates should send their CV containing detailed information on their qualifications, experience and relevant references.

### ***Application selection criteria***

The candidate selection process will be based on the following criterion(s):

- Candidate's level of understanding of the mission
- Candidate's experiences relevant to the expert assignment
