Governance Department - GOUV > Justice and State Reform Unit

EUROPE

MOLDOVA

CHISINAU

## **Mission Description**

The Justice component manager will be in charge of implementing the "Justice" component of the project to support the fight and prevention against corruption and organized crime in the Republic of Moldova funded by the European Union, aimed at *strengthening the operational capacity and integrity of Moldovan judicial bodies with a view to improving prosecutions and achieving final convictions*. Based in Chişinău, she/he will be placed under the supervision of the project manager, and will work closely with a. e assistant project manager.

More precisely, she/he will be in charge of:

- **Provision of technical expertise:**
  - Development and implementation of diagnostic missions;
  - Consolidation of the action plan and calibration of activities;
  - Implementation of certain activities in the action plan, as part of its contract;
  - Support for the preparation of technical project reports (start-up, intermediate, final);
  - Support for identifying short-term expertise;
  - Participation in project planning exercises and contribution to the development of internal tools;
  - Participation in technical committees, steering committees and any other coordination meetings necessary for the implementation of the Action.
- **Coordination of expertise**
  - Identification of short-term expertise needs;
  - Development of terms of reference (ToRs), mission schedules, validation and quality control of short-term expert mission reports;
  - Support for the selection/recruitment of short-term experts and the creation of a pool of experts, briefing/supporting short-term experts throughout their assignment;
  - Approval of short-term expert mission reports, quality control and capitalization of lessons learned.

- **Representation and coordination**
  - Representation of the project alongside the project manager and with partners and governance bodies;
  - Support for coordination with other implementing agencies (CIVIPOL and UNDP Moldova) to ensure complementarity of actions;
- **Any other task required by Expertise France within the framework of the project.**

## Project description or context

### **Project to support the fight and prevention against corruption and organized crime in the Republic of Moldova**

The project aims to support, by 2029, Moldova in establishing effective, efficient, independent and accountable justice, prosecution and investigation systems capable of combating and preventing corruption, organised crime and financial crime (including money laundering).

This project consists of the following components:

- 1. Coordination of the project and the anti-corruption donor secretariat in Moldova;**
2. Capacity building to conduct and coordinate investigations on anti-corruption and financial crimes (including money laundering);
- 3. Strengthening the operational capacity and integrity of judicial bodies to improve prosecutions and final convictions;**
4. Integrity framework – Integration of anti-corruption into the various public services.

EF was mandated by the European Union to work on **components 1 and 3.**

The project is funded by the European Union and the French government, for a total of €10.5 million, including €7.50 **million in funding**, which will be borne by EF. The expected duration of implementation is 36 months (three years).
